## 18 Most Popular Subreddits About Trading (Listed)

By Quantified Trading | April 8, 2024 | | Blog

Here Are The Most Popular **Subreddits** About **Trading**

The trading industry is a popular option for many people looking to generate money. Trading has been around for centuries and many different methods have evolved over time.

Reddit is an American social news aggregation, content rating, and discussion website. They have a lot of subreddits about traders and trading. Registered users submit trading content to the site such as links, text posts, images, and videos, which are then voted up or down by other members.

## 2. /r/stockmarket:

This subreddit is exclusively dedicated to stock market news and discussions, which makes it a perfect source of data and information for those who want to trade on the stock market. With over 213 thousand subscribers, this is one of the most popular subreddits with active users, who share insider information and tips with each other.

## 3. /r/forex:

Forex trading and currency trading are not as popular as stock market trading, but the number of users in this subreddit is still impressive. The idea behind this subreddit is to provide users with a forum where they can discuss trends and forecasts without shying away from the technical details. With over 180 thousand subscribers, it's one of the most popular forex subreddits.

## 4. /r/tradingreligion:

Many people who trade hesitate to get too much involved with their money, even though they are aware of all the risks associated with trading. This subreddit was created specifically to help traders through their financial crisis and to help them understand how important it is to be cautious when investing in stocks or shares. With over 142 thousand subscribers, it is one of the most popular trading subreddits.

## 5. /r/technicalanalysis:

Technical analysis is a method of analyzing price movements to identify trends and patterns that they can use to make trading decisions. It is a popular method among traders, and many opt to keep up with the latest news and updates by subscribing to this subreddit.
